CLERK—S. T. POTTS.

CONSTABLE—SOL. W. NASH.

SCHOOL COMMITTEE—SILAS N. MARTIN, ALFRED HOWE and ISHAM SWEAT.

The election to be held on Thursday, August 7th, 1873.

The New York Herald is a wonderful paper, full of news and sensation. The amounts paid by that paper for first news, no matter how great, has often excited remark and astonishment. On the other hand, it seizes so greedily on anything sensational that it often oversteps the boundary of strict veracity. The Herald first published charges against Gen. Van Buren, Commissioner to Vienna, in such a sensational style that the State Department at Washington took very unjust action in the premises. And then the Herald took the other side of the question, and berated Secretary Fish for acting so hastily. The Herald feeds on excitement and sensation. Without it, business would fall off, and hence its various "enterprises" gotten up to that end. The latest dodge is "Cesarism," which term is applied to President Grant's desire (?) for a third term. Mosby, the great, has been heard to declare that he would support Grant for a third term, and the Herald sounds the warning cry in column after column of editorials.—Steady old papers like the N. Y. Journal of Commerce say that it is no use to talk on that question at present, and that it is better to lay it on the shelf for a couple of years; but the Herald keeps "fighting it out on that line." The cry is taken up by the Southern journals, and sounded along the whole line.—Drums are sounded, troops are hurried to the front, lines of battle are formed, and guns are hastily loaded, but they find no enemy in front! President Grant has made no move, and the party which nominated and elected him, has made not the slightest sign, but still the papers are filled with warnings over the imaginary danger. We have heard these frantic cries so often over the dangers to come, which never did come, and the acts of usurpation where no one "usurped," that we have ceased to tremble at the thunders of the opposition.

There are altogether too many prominent men in our party who want to be President to warrant the belief for a moment that President Grant will strive for a third term, or that our leaders will desire to place him in that position, and consequently we do not anticipate any question in the matter. The idea that government patronage can carry an election or even force a nomination in free independent America, is absurd. Andy Johnson tried that, with all the desperation of a drowning man, and signally failed.

But suppose, that in 1876 it was shown that the administration had brought this country to an unexampled prosperity, and that for a continuance of the same it was deemed advisable to continue him for another term, what is there to hinder? Because Washington declined a third term, is that any reason why no one should occupy the White House for three terms? According to that argument, if Washington had declined a re-election, no one of his illustrious followers would have held the office the majority of the people desired them to hold.

We repeat, we do not believe President Grant will be a candidate for a third term, but we are of the opinion that the Herald is doing all in its power to educate the people up to a third term principle, and unless it finds some new sensation, the idea will become so familiar and common to the people that they will have no objection to it, when the time arrives for the selection of another Chief Magistrate.

Never was any proverb more erroneous than the one which tells us "love is blind." Every lover can see a great deal more in his sweetheart than any one else can.

## EDITORIAL BUDGET.

—The Pope on the 28th received a number of newly nominated bishops. In his address he urged them to defend zealously the rights of the Church.—Referring to the conflict between the ecclesiastical authority in Brazil with Freemasonry, he said Free Masons were liable to excommunication the same as the members of other secret societies, notwithstanding the charitable objects of their organization.

—In the House of Commons, Mr. Callan, member for Dundalk, asked if there was any probability that the Carlists in Spain would be recognized as belligerents? Viscount Enfield, Under Secretary for the Foreign Department, replied that the Carlists were undoubtedly gaining ground, but matters were not at a state to entitle them to belligerent rights. A message from the Queen notifying the Commons of the forthcoming marriage of the Duke of Edinburgh, and asking that provision be made therefor, was received and read. Bruce, the home secretary, moved that owing to the absence of Mr. Gladstone, in consequence of indisposition, the consideration of the message be postponed. After debate the motion was agreed to.

—The steamer Japan, from Hong Kong and Yokohama, arrived at San Francisco with a large number of Chinese passengers on the 28th. The steamer brings Yokohama dates to July 7. The Japan Gazette defends Minister De Long. It says there is universal sympathy for him, and expresses indignation at the charges against him. The United States were never better served in the empire than by him. The inspector of consulates from Washington was overhauling American consulates. Political affairs were generally quiet. An insurrection had broken out on the island of Kinsai, and troops had been sent to quell it. It is reported that as soon as the embassy from Europe returns all Japan will be thrown open to foreigners. In the province of Foo-kee Vookan 20,000 farmers rebelled on account of the land tax. They destroyed the houses of officials, and raided through their section generally. A man-of-war and troops have been sent against the rebels. The Hakodate rebellion is ended, and quiet restored.

—The following has just been received from our Minister Resident at Brussels:

LEOPOLD I, KING OF BELGIUM.

To all present and to come, greeting:

Considering that the interpretation of articles 11 and 13 of the royal decree of January 30, 1863, (1.) prescribing the routes to be followed and the measures to be employed to avoid accidents is not sufficiently definite, and that it seems proper, in consequence thereof, imitating the example of other countries, to specify the case to which the provisions of two articles relate, upon the recommendation of our Minister of Public Works, we do hereby enact:

Special Article.—Articles 11 and 13 of the royal article of January 30, 1863, relate exclusively to ships running to and from each other, in a direct or nearly direct line, in such manner as to result in danger of a collision.

They have no reference to ships which, in following their routes, are not liable to run foul of each other. The articles are applicable only in the instance as above specified, where two ships meet when running upon or nearly upon the same line. In other articles, by day, when each sees the masts of the other in line, or near in line, with its own masts; by night, when each perceives in a straight line, or nearly so, ahead, the two side lights of the other.

Our Minister of Public Works is authorized to enforce this present order. Given at Brussels, June 12, 1873.

### Digger Indians Catching Grasshoppers.

Riding through the foot-hills, near Rockhill, I saw a curious and unexpected sight. There are still a few wretched Digger Indians in this part of California, and what I saw was a party of these engaged in catching grasshoppers, which they boil and eat. They dig a number of funnel shaped holes, forming for that purpose a wide circle. It is slow work, but they seem to delight in it; and their excitement was great as they neared the circle of holes and the insects began to hop and fall into them. At last there was a close and rapid rally and half a dozen bushels of grasshoppers were driven into the holes; whereupon hats, aprons, bags, and rags were stuffed in to prevent the multitudes from dispersing. And then began the work of picking them out by hand, crushing them roughly in the hand to keep them quiet, and crowding them into the bags in which they were to be carried to the rancheria. "Sweet, all same pudding," an old woman to me, as I stood looking on. It is not a good year for grasshoppers this year; no they like the year of which an inhabitant of Roseville spoke to me later in the day, when, he said, "they ate up every bit of his garden truck, and then sat on the fence and asked him for a chew of tobacco."

## A Point for Pianists.

The Vox Humana, a musical publication, shows that a pretty experiment in acoustics is within the reach of all. Every tone of a piano string is composed of four or more different sounds. They seem to be but one, and it is difficult to realize that four or more distinct and separate notes are merged in the sound we hear. A very keen ear can resolve the note, and hear one and sometimes two of the added tones that accompany the lowest tone. The lowest tone is very much louder than the rest, and gives the name to the note or group of notes. These added tones that accompany every note of the piano, are known as over tones. Their existence was only discovered a few years ago, and at first it was very hard to prove that they were really present in every note we hear from a piano string. This is now so well understood that it is no longer attracts attention, and is treated as one of the common scientific facts known to everybody. Moreover, the number and power of these over tones determine the character or quality of every musical sound we hear, whether it be from voice or instrument. To prove the existence of these unnoticed, and yet audible over tones the following experiment may be tried: Touch gently the notes C, E, and G, one octave above middle (two foot) C, and press the keys down till all the sound has died away. Then, while these keys are held down, strike the C below (two foot C) one quick, hard blow.—The damper will at once fall, and the sound will stop abruptly. At the same instant will be heard a low soft chord from the piano. The keys are not struck, and yet the piano sounds plainly. Lift the fingers, and the chord will stop at once. Try the experiment over and the same result will follow every time. The fingers pressed on the three do not give the chord, and yet the strings corresponding to these over tones were free to sound as the dampers were raised, and out of sympathy with the over tones they too sounded and gave the same notes. So we see that these over tones really exist in what we call the one note of the C string. Were they absent, we should quickly notice the changed character of the note, and we should be surprised at the thinness and cloying sweetness of a single really pure note without over tones. A note without over tones would be characterless, tiresome, and insipid. Well supplied with them, it is elangy, individual and interesting.—Graphic.

CITY ITEMS.

Signal Service, U. S. Army--Weather Report.

Observer's Office, Wilmington, July 30, 1873.

Table with 5 columns: Time of observation, Barom., Ther., Wind, Weather. Data for 7:00 A.M., 10:00 A.M., 12:00 P.M., 2:00 P.M.

OTTO SCHUTZE, Observer, U. S. A.

S. HANSTEIN & Co., New York House, 15 Market street, are offering their entire stock of drygoods, clothing, boots and shoes, at New York cost.

WARD MEETING.--There will be a meeting of the Republican voters of the Third Ward this evening at 8 o'clock, at the corner of Eighth and Princess streets. Let every one attend, and let harmony reign supreme.

THE cheapest stock of drygoods to be found this side of New York is at S. HANSTEIN & Co.'s New York House, 15 Market street.

SHOONER Adiel went to Masonboro yesterday loaded with lumber for several houses and improvements, including the Yacht Club building. So much the better. We expect to see this vicinity grow and improve until it excels the anti bellum days.

THE only chance of getting a suit of clothing, shoes, shirts, &c., at New York cost, is to go to

S. HANSTEIN & Co.'s, New York House, 15 Market street. To the Executive Committee, Wilmington Township: GENTS: I beg respectfully to decline to allow my name to be used as a candidate for a member of the School Committee. Respectfully, ISHAM SWETT. July 30, 1873.

TO MAKE room for a large Fall stock we have reduced our prices, and are now selling our entire stock cheaper than the cheapest.

S. HANSTEIN & Co., New York House, 15 Market street.

THE largest turtle that we ever clapped our visual organs on was caught near Little River and conveyed to this city in a cart. The happy owner offers him for eight dollars which is dirt cheap, so he says. It fills up a cart very handsomely indeed.

IMPROVED ORDER OF RED MEN.--A report of the officers elected appears in this issue. We believe this Order is new here, though it was very popular in Virginia and Maryland before the war. It is beneficial in its objects and is considered first class by its admirers. We wish the "Red Men" abundant success.

HOUSE BROKEN OPEN AND CLOTHES STOLEN.--Sometime between 1 o'clock and daylight this morning, some person broke into the kitchen attached to the dwelling of Phoebe Myers, who resides on Market street, and stole therefrom one or two tubs full of wet clothes that had been left in water over-night. No clue to the thief as yet, but it is truly hoped that he will be caught and punished to the full extent of the law.

Mayor's Court.

His Honor W. P. CANADAY, Mayor, presiding.

D. L. BRIT, charged with threatening to kill his wife, judgment suspended on payment of cost.

AARON HEATH, for being disorderly, had to deposit \$5 with the Clerk of the Court.

SCIPIO HILL and Elizabeth Dunn, charged with disorderly conduct. Scipio was dismissed on the payment of cost, and Elizabeth Dunn was required to pay \$10 and cost for her portion of the melee.

COWS AGAIN.--Last night the gate to the garden of one of our up-town residences was left open, and sometime during the night cows came in and completely demolished the hedges. The mock orange bushes are said to be poisonous, but it is to be hoped that the cows will not die from the effects of it. We have long protested against allowing cows to run at large in the streets, and regret that there is no city ordinance which prohibits it. We have often shown why we protested against it, and should think that the goring of a little boy some weeks ago was sufficient in itself to satisfy the minds of our citizens that it is not only wrong but dangerous. The City Fathers are to meet on Thursday night next, and we hope that some steps may be taken to put an end to this nuisance.

THE TOWN CRIER.

- Mild.
- Gold is 115 1/2.
- Pave the streets.
- Stand by the regular nominations.
- Townships must send in and get their tickets.
- "Sore heads" often make much noise, but they can't vote any more than the same number of quiet men.

- Three gentlemen went to the Sound yesterday, and caught one hundred and forty pig fish, and sixty of other varieties, including trout, sheep-head, etc.

- George Kidder, Esq., is about to erect a house at Masonboro'. A schooner loaded with lumber was off the Inlet yesterday, waiting for the tide, to pass the bar.

- It is sad to have items occur just after we go to press. A crazy man sent to jail, a boy burned with powder, a vessel ashore at Masonboro', and a scrimmage, all in one afternoon! If we wait for local news, our patrons cry for the Post. If we print before any lazy people meet with accidents, "they say" we have no news. Who wouldn't be a reporter?

FIRE.--The explosion of a kerosene lamp in a house on Fourth street, kept by Bettie Watson, last night about ten o'clock, caused some little excitement in the immediate neighborhood. In a very few moments the room was in flames, and had it not been for the strenuous exertions of a policeman, the entire building would have been consumed. The alarm was given, but before it became general the fire was extinguished.

HOLDEN TOWNSHIP.--The following are the nominations in this township: Magistrates--W. T. Bannerman, John Lillington. Clerk--Jas. H. Moore. Constable--John H. Heathcock. School Committee--Rodney Wells, J. Fennell, Hardy Newkirk, R. L. Lee, W. B. Player and S. P. Hand.

It seems the convention failed to agree on school committee, and so nominated six candidates. The three receiving the highest votes will be declared the choice of the township.

At the meeting John Lillington was President, and Jonathan Johnson Secretary.

WILMINGTON, N. C., July 28, 1873.

At a meeting of the Republican Executive Committee of New Hanover county, held this day, the following resolutions were adopted, to which the attention of the several township committees is called:

Resolved, That the Secretary be ordered to notify the several members of the County Committee, through the columns of the Evening Post, to apply to the Secretary of this committee for tickets for or against the proposed amendments to the Constitution, on or after Friday next, the 1st day of August.

Resolved further, That the committees in the several townships be notified that they are expected to see tickets furnished for their several townships for the candidates for township officers.

GEO. Z. FRENCH, Ch'n.

W. H. GERKEN, Sec'y.

ASHORE.--The schooner S. C. Eborn, belonging to Messrs. Edwards & Hall, of this city, laden with cotton, rosin, turpentine, peanuts and wool, put into Masonboro' Inlet on Saturday last for a harbor. On Monday, attempting to go to sea, while on the bar she was becalmed, and drifted ashore in the breakers. The captain got out his anchors and tackling, but they proved insufficient to get her off. Assistance was sent from Wilmington, and it was supposed that if she was not got off last night that she would be to-day at high water. The vessel has as yet sustained no serious damage. The cargo was removed from the vessel and placed on the beach, with the assistance of D. M. Bryant and is not much injured.

Since the above was in type, we have learned that the Eborn has got off all right.

IMPROVED ORDER OF RED MEN.--This Order was established in our city on Monday night, at the Odd Fellows' Hall. Chiefs J. W. Evans and W. E. Badger, of Petersburg, Va., assisted by Chief W. F. Wenzel, of our city, installed the following officers, after they were duly elected:

Sachem--L. J. Wagner. Senior Sagamore--T. M. Gardner. Junior Sagamore--J. N. Melna. Prophet--J. J. Keigen. Wampum Keeper--T. J. Mulford. Chief of Records--Geo. H. Adams. The name chosen was Wyoming Tribe No. 4, and we learn that they are in a flourishing condition. There is at present twenty-one charter members, and twenty-eight applications for membership, which will be acted upon at their next meeting. The Order is, we learn, an old one, it having been in vogue for a number of years.

STATE ITEMS.

Tarboro claims to have 1,000 inhabitants. A six foot alligator was recently killed at Morehead City.

There are now 72 orphans taken care of at the Asylum at Oxford.

Enfield is now competing for the possession of the most curious egg extant.

Another new steamer is to be put on the line between New Berne and Baltimore.

Col. John O. Wallace, one of the oldest citizens of Cabarrus county, died on Thursday last of cerebro-spinal meningitis.

A kerosene lamp exploded in the American Hotel at Concord the other night, and the escape from a destructive conflagration was a narrow one.

The Raleigh Sentinel says: Auditor Reilly, who has been on a visit to his relatives in the North for the last two weeks, returned to his post on Saturday.

The Raleigh Sentinel says: The work on the new Fair Grounds is being pushed forward and will, when completed, be one of the finest enclosures in the South.

The Sentinel says: On Monday the Supreme Court adjourned, after a session of 49 days. During this session the Court has disposed of 160 cases--the largest number ever before disposed of at any one term of the Court.

The Raleigh News says: There is a railroad in operation in this State that is not down on any of our maps; no mention has ever been made of it in any newspaper, and even the citizens of the town on one end of the line did not know the building was going on until they saw the workmen entering the town laying down the track. This new railroad is a tram road, and runs from Edwards' Ferry, on the Roanoke, to the enterprising little town of Scotland Neck, in Halifax county. A charter was granted the Weldon and Scotland Neck Transportation Company by the Legislature of 1869, at which time the road was graded for a regular iron rail, but by some means work on the same was suspended. When the Scotland Neck & Halifax Railroad was rejected by a vote of the people a short time since, Mr. W. H. Smith, of Scotland Neck, the largest stockholder in the old charter, set to work by himself to build him a tram road, using only his own hands and saying nothing even to his neighbors of his intention. In a short time he will have the road complete with an engine and cars on it, and his freights on cotton alone this fall will doubtless pay him for his work. As the map man says, this is what we call progress, and if North Carolina had a few more Scotland Neck Billy Smiths what a country we would have. The original intent of the incorporators of the road was to establish this line of railway from Rosemeath, a few miles west of Scotland Neck, to Edwards' Ferry, where close connection would be made by boats to Weldon, thus securing an outlet for the immense amount of produce raised in this rich section. The tram road of Mr. Smith fills this bill, and we congratulate our Scotland Neck friends on their success in getting a road.

Washington Chronicle Sea Side Sprays.

John Morrissey went dressed as a fashionable young lady at a Saratoga bal masque.

There is a new bank for tourists to be swept over at Niagara this season. It is faro-bank. Hotels and boarding houses in town are doing a very slim business. Many of the latter establishments have "closed for the season."

There is very little extravagant dressing among the ladies at any of the watering places this season. "Sweet simplicity" appears to be the rule.

The club-handled parasols are vindicating their usefulness. A young lady recently, at Morristown, "laid out" a savage dog with one of these airy trifles in the most effectual manner.

Over one thousand guests masqueraded at Congress Hall, Saratoga, Saturday night. Fifteen New York beauties and six New York gentlemen appeared in prominent representations.

Some person who, according to Dr. Johnson, would not hesitate to pick a pocket, says that the drives at Long Branch are filled with Jehus, and the hotel piazzas with Schmees. This is the worst pun of the season, so far.

Long Branch glories in any number of big wooden hotels, of the barn-like order, which are strung along in front of the beach, one after the other, in an almost interminable procession. A fire breaking out in one of them is morally certain to leave nothing behind but a pile of ashes, and to do its work on the double quick. Long Branch is devoted to fashion, but forgetful of fire, for there are no fire-engines there.

A Pittsburg girl, thirteen years old, made her father drunk, stole \$190 from him, and ran away with a sailor, and tried to commit suicide when overtaken.

LATEST BY TELEGRAPH.

NEW YORK.

NEW YORK, July 30.

Edward Rorke & Co., importers of glassware, &c., whose books have been seized by custom officers, and against whom suits have been commenced to recover penalties for alleged violations of the revenue laws, assert that all violations of the law were committed by one clerk who was in charge of their business here during the absence of the firm in Europe. That while he altered the charges at the custom house he made proper entries in the books of the firm, and that when a sufficient number of these alterations had taken place to amount to a good case against the firm he voluntarily retired from their employ, having previously arranged with the custom officers to get one-fourth the amount recovered from the firm by compromise or conviction.

A report is current that Wm. M. Tweed has escaped the new indictment through a stupid blunder or design on the part of some official. Andrew J. Garvy testified before the grand jury that he had collected a fraudulent bill from the city for \$126,707, and that he collected a bill through Ingersoll, to whom he gave, on the same day his check, for \$95,000. On this and other testimony, concerning parties implicated, the grand jury ordered an indictment against Tweed, Ingersoll and Wm. E. King, Tweed's private Secretary, but when the bill of indictment was returned for the signature of the foreman the name of Tweed was found omitted, and the mistake, if such it was, not rectified. Ingersoll and King having fled, the new indictment is worthless.

Wes Allen unconditionally surrendered at Sing Sing yesterday. He was removed to a cell where he can do no harm, and will be taken to Auburn in the next batch. He had threatened to explode a can of nitro-glycerine.

James and Alexander Birrell, brothers, quarreled in their house at Newark last night, when Alexander stabbed James in the breast with an old shoe knife, killing him almost instantly. Alexander, who was a little intoxicated, fled, but afterwards surrendered to the police. Nobody witnessed the fight but an aged mother.

OFFICE CITY CLERK & TREASURER

CITY OF WILMINGTON, N. C.,

July 17th, 1873.

An Ordinance concerning Hog Pens and Styes.

WHEREAS, the health of the city requires the abatement of all subjects calculated to produce disease: And whereas, the noxious odors arising from hog pens and styes are highly injurious to the health and comfort of inhabitants of the thickly populated portion of the city: Therefore the Board of Aldermen do ordain: Section 1. That every person who shall keep any hog, pig, or swine of any sort in the limits of the city, within the space bounded on the North by Red Cross street; on the East by Sixth street; on the South by Castle street; and on the West by the River shall pay a fine of one dollar for each hog or pig, for each and every day the same shall be kept within the space aforesaid, after ten days notice from the City Marshal to remove the same. Section 2. Any ordinance or parts thereof conflicting with the above are hereby repealed. The above ordinance was passed by the Board of Aldermen July 15th, 1873. (Attest) T. C. SERVOS, City Clerk.

NOTICE is hereby given, that a petition has been filed in the District Court of the United States for the Cape Fear District of North Carolina by Wm. H. TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.

It is positively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern" is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES McCABE, Southern Passenger Agent, near College street Depot, Nashville, Tenn., or to the undersigned.

HARPER'S BAZAR.

NOTICES OF THE PRESS.  
The Bazar is edited with a contribution of tact and talent that we seldom find in any journal, and the journal itself is the organ of the great world of fashion.—Boston Transcript.

The Bazar commends itself to every member of the household—to the children by droll and pretty pictures, to the young ladies by its fashion plates in endless variety, to the provident matron by its patterns for the children's clothes, to the paternalist by its tasteful designs for embroidered slippers and luxurious dressing gowns. But the reading matter of the Bazar is uniformly of great excellence. The paper has acquired a wide popularity for the fireside enjoyment it affords.—N.Y. Evening Post.

SPECIAL ANNOUNCEMENT.  
In accordance with our last prospectus, the specially reduced rates for 1873, viz: Two weeks, per year, \$1.00; Semi-Weekly, per year, \$2.50 will be maintained for all new subscribers, and all old subscribers renewing prior to the 15th day of January, 1873, when the above Club rates will take effect.

THE NEW YORK WEEKLY TIMES

AS A FAMILY PAPER,  
The Times will have no superior; it will be free from all appeals to vulgar and impure tastes, and may be safely admitted to every domestic circle.

AS A REPUBLICAN JOURNAL,  
The Times will be devoted, as in the past, to an intelligent and firm support of the Republican Party. Its course in reference to the Tammany Ring, at a time when all the other daily papers in New York, obstructed and discouraged its efforts, attests its sincerity in the cause of Reform. The Times stood alone in demanding Reform from 1869 to the close of 1871, and there is no sincere and honest proposal for Reform, any branch of the Government, which will not be heartily supported by the Times. But it will not conspire in assisting ambitious politicians or demagogues to rob the people of their property, nor will it encourage defection from the Republican Party, which is still the party of progress, security and national prosperity.

It will sustain, with all the force and influence at its command, the principles and policy which have rendered that party so justly famous in our history. It will advocate those measures by which the honor, the peace, and the prosperity of the nation can be best secured, and it will constantly study the wants of the people rather than the wishes of the politicians.

THE NEW YORK SEMI-WEEKLY TIMES  
Is published every Tuesday and Friday, and contains all the agricultural and literary matter of the Weekly edition, and a full and careful compilation of editorial and news features of the Daily.

Terms of the Semi-Weekly Times: One copy, one year, \$3; two copies, one year, \$5; ten copies, one year, \$25; and one extra copy free.

Subscriptions to either of our editions received for a less length of time than one year at yearly rate.

These prices are invariable. Remit in drafts on New York or Post-office Money Orders, if possible, and where neither of these can be procured, send the money in a registered letter. All Post-masters are obliged to register letters when requested to do so, and the system is an absolute protection against losses by mail. Address

We especially call the attention to the following testimonials of the Paint:

C. P. Knight, Esq.—Dear Sir: I have used Bradley's Patent Enamel Paint on my dwelling last Spring, and am much pleased with it, and it looks as well now as when first painted, and consider it a good Paint. Yours, truly,  
Creweell P. O., Hartford county, Md., Feb. 6th, 1873.

THE PLAINS, FAUQUIER CO., VA., Feb. 6th, 1873.

Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks (not constant work) completed the house two coats. The last coat I applied thick, as it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellence of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you), to make what use you think proper of this letter.

Very respectfully and truly,  
S. MCGILL, M. D.

TO THE PUBLIC.—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, Esq. West Lombard Street, is agent, and to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound and fresh as when put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers, its quickly drying properties, which saves much time in the execution of work where paint is needed, and its very perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate.

WM. E. SINN,  
Front Street Theatre, December 10th, 1872.

BALTIMORE, April 25, 1873.

Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters to mix and furnish materials, wherein we have found the most deception.

Yours, truly,  
JACOB STOFFER & SON.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor.

Yours, Respectfully,  
JOHN WETHERED.

BALTIMORE, December 27th, 1871.

C. P. Knight, Esq., Agent for Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you will be cheerfully endorsed as the best of any kind we have ever used, its covering qualities is everything I desired, it dries promptly and with a hard gloss which must, we think, resist the action of all kinds of weather. This is our experience, and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.

Very Respectfully,  
EMART & QUARTLEY, 270 W. Baltimore St.

House, Sign and Fresco Painters.

PLEASANT, Havron & Co., M.D.

Mr. C. P. Knight—Dear Sir:—I am very happy to inform you that your "Patent Enamel Paint" has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other.

Very Respectfully,  
R. DICKEY, M. D.

Harper's Magazine.

NOTICES OF THE PRESS.

The ever-increasing circulation of this  
excellent monthly, proves its continued  
adaptation to popular desires and needs.  
Indeed, when we think into how many  
homes it penetrates every month, we must  
consider it as one of the educators as well  
as entertainers of the public mind, for its  
vast popularity has been won by no appeal  
to stupid prejudices or depraved tastes.—

The character which this Magazine pos-  
sesses for variety, enterprise, artistic wealth,  
and literary culture that has kept pace with  
if it has not led the times, should cause its  
conductors to regard it with justifiable  
complacency. It also entitles them to a  
great claim upon the public gratitude. The  
Magazine has done good and not evil all the  
days of its life.—Brooklyn Eagle.
